24-7 Computer Solutions
Support Staff or Jonathan Jameer
82 Jenkinson Way
Scarborough, Ontario
M1P 5H4

Dear Support Staff or Jonathan:

We would like to take this opportunity to thank you and your support staff at 24-7 Computer Solutions for setting up and supporting our computer services. Since your initial visit to our office we have relied on your computer knowledge, integrity in business and commitment to ensuring that our technology needs are met.

As you know in our business we service many large clients and therefore rely heavily on our computer systems. It is comforting to know that we can count on immediate support to ensure the daily continuity of the computer systems and server in our office.

Your professional technicians made our staff comfortable with all of the installation, repair, maintenance and operation of our systems and servers.

As we continue to grow, we are confident that 24-7 Computer Solutions will continue to be an asset in its role as our computer consultant. We highly recommend your services.

Paul Stoneman, President
